This is the year to show your support for Congregation Knesset Israel and come to services! Our davener cannot be with us this year due to unforeseen circumstances. We are working to find a davener who will honor Congregation Knesset Israel's long-time conservative tradition of men and women worshipping side-by-side with no curtain of separation between them.

If a davener who will honor our tradition cannot be found, we want to be sure to have a minyan so we can conduct simple services ourselves, as the founders of our Shul might have done in the earliest years of the Shul's existence. Please support us at this critical time.

Shofar blowing by Maurey Levitz.

Refreshments will be served after the fast...please join us, all are welcome.

Donations will be gratefully appreciated.

Andreas Gottlieb, President
